INDUSTRIELLE  
BIOTECHNOLOGIE

Our event, **Future of BioAI (FoB:AI)**, will take place on **May 12 and 13, 2026**, as a **free online event**.

### AI & Bioeconomy

**Artificial intelligence is reshaping the industrial bioeconomy** – yet hesitation remains widespread.

Many companies recognize its potential to make biological processes, materials and production systems more efficient and resilient, even as uncertainty persists around data, models and real-world implementation. Especially in the bio-based sector, AI can help turn complexity into clarity and open up new strategic options. From process optimization to material development, new approaches are emerging across the entire value chain. FoB:AI brings together those who want to exchange experiences and shape how AI will be applied meaningfully in the future bioeconomy.

The focus of this event is on **economic perspectives, innovative developments, and practical insights** in the field of **artificial intelligence in the bioeconomy**.

**Biobased Economy**

**Innovation**

**Practical Applications**

## What to Expect

The event offers **inspiring keynotes**, **interactive panels** and **targeted networking opportunities** with companies, start-ups, **AI providers**, research institutions and other relevant stakeholders creating a platform for exchange, inspiration and **new impulses around artificial intelligence in the bioeconomy**.

### Keynotes

Get inspired by leading voices from industry, research and practice – with insights into AI trends, real-world applications and solutions shaping the bioeconomy of tomorrow.

### Panels

Experience exciting discussions with experts from various fields – and contribute your own questions and perspectives to the dialog.

### Networking

Start connecting right away with companies, AI providers, research institutions and other stakeholders in the bioeconomy – several hundred participants are expected!

## Your Benefits

### ✓ Networking with business potential

Build new connections with customers, users and solution providers – for strategic collaborations and new project ideas around AI in the bioeconomy.

### ✓ Strategic insights from industry leaders

Leverage the expertise of leading minds from business and science for your strategic development in the field of AI & bioeconomy.

### ✓ Free of charge & individually tailored

Benefit from high-quality content and valuable contacts – with no participation fee and the freedom to choose the sessions that matter most to you.

### ✓ Visibility in a growing industry

Position your organisation as a pioneer in the future market of AI in the bioeconomy – whether as a participant, speaker or sponsor.

### ✓ Exchange at decision-maker level

Discuss current challenges with peers and gain practical approaches for data, models and implementation in your organisation.

### ✓ Online: Flexible & efficient

Participate from anywhere – without the need to travel, with full content relevance and international access.

# Preliminary Agenda

All times are in Central European Time (CET)

## Tuesday, 12 May

9:00 a.m. - 10:00 a.m.	<b>Keynotes: Framework Conditions</b>
10:00 a.m. - 10:30 a.m.	<b>Panel</b>
10:30 a.m. - 11:30 a.m.	<b>Keynotes: Bio-based Materials and Products</b>
11:30 a.m. - 12:00 p.m.	<b>Panel</b>
12:00 p.m. - 5:00 p.m.	<b>Networking Opportunity</b>

## Wednesday, 13 May

9:00 a.m. - 10:00 a.m.	<b>Keynotes: Framework Conditions</b>
10:00 a.m. - 10:30 a.m.	<b>Panel</b>
10:30 a.m. - 11:30 a.m.	<b>Keynotes: Bio-based Materials and Products</b>
11:30 a.m. - 12:00 p.m.	<b>Panel</b>
12:00 p.m. - 5:00 p.m.	<b>Networking Opportunity</b>

## Who Should Participate

### AI Providers

Advance your AI projects in the bioeconomy – in exchange with solution providers, research and potential partners. Discover proven use cases, get guidance on tools and data, and build valuable contacts for pilot projects and roll-outs.

### Researchers

See how AI applications in the bioeconomy are transferred into practice. The event provides insights into current use cases, data and modelling approaches, and new perspectives for research and technology transfer – in dialogue with stakeholders from different fields.

### Investors

Discover promising start-ups and technology providers with AI solutions for the bioeconomy. Gain insights into relevant trends, business models and scaling pathways – as well as key market and implementation drivers.

### Large Companies

Identify **AI trends** and **applications** for the bioeconomy early on. Connect with **AI users, research and solution providers** to gain impulses for your digital and innovation strategy and to unlock new **growth opportunities**.

### SMEs

Use the event to network, build new contacts and take home practical impulses for **applying AI in the bioeconomy** – from proven tools to real-world implementation examples.

### Politicians

Gain **insights** into bioeconomic innovations and **network** with shapers of social and economic change.

**All information about registration can be found on our event website**

**Get Actively Involved!**

## Become a Speaker

We are looking for experts who...

- drive innovation in **AI & the bioeconomy**
- share market-relevant insights into data-driven solutions
- provide fresh impulses
- bring new perspectives from **industry, research or practice**

[\*\*Become a speaker\*\*](#)

## Become a Partner

Do you represent an association, network, research institution or non-profit organisation with a focus on **AI, digitalisation or the bioeconomy**?

Become a **partner** and:

- increase the **visibility** of your organization
- position yourself where the exchange on bioeconomic innovations, solutions, and perspectives takes place

[\*\*Become a partner\*\*](#)

## Become a Sponsor

Would you like to position your company as a responsible and future-oriented player in **AI & the bioeconomy**?

Become a sponsor and:

- demonstrate responsibility, innovative strength and collaboration
- gain visibility in an **international bioeconomy & AI network**

[\*\*To the Sponsor Brochure\*\*](#)

## Become a Media Partner

Do you run a trade medium, platform or editorial format focusing on **AI, digitalisation or the bioeconomy**?

Become a **media partner** and:

- benefit from **visibility** in the environment of leading specialist players from science, industry, and associations
- gain access to a targeted, topic-specific community.

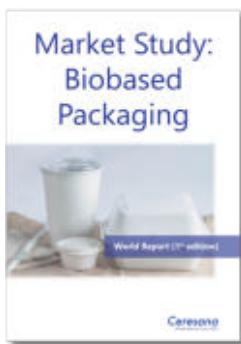

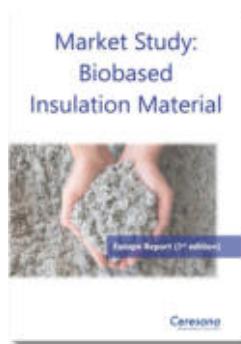

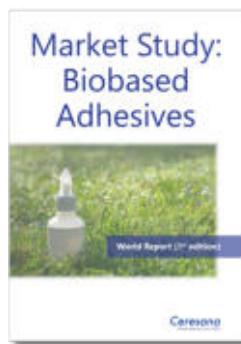

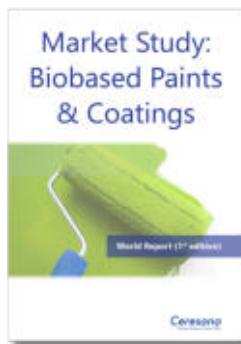

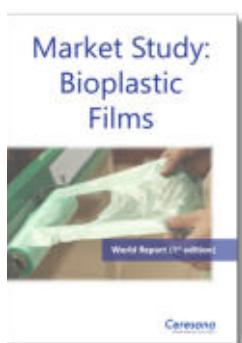

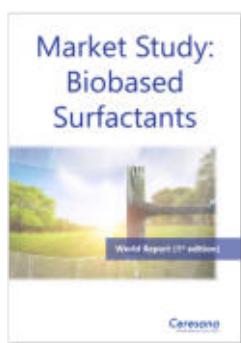

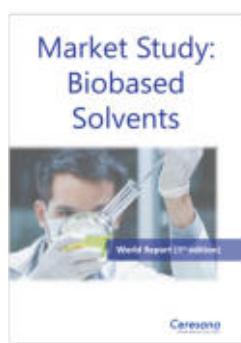

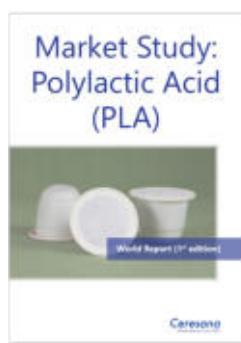

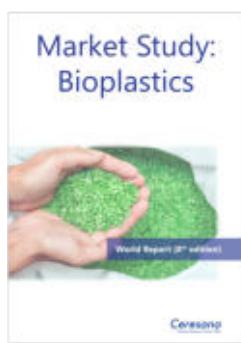

[\*\*To the Mediapartner Brochure\*\*](#)

## Why Us?

As one of the leading market research institutes in Europe with **over 10,000 satisfied international clients**, we have **in-depth insights** into current developments towards a bio-based economy. Our aim is to promote sustainable economic innovation, actively shape the interface between **business** and **sustainability**, and accelerate the transition to a resource-efficient, bio-based economy.
