

Our Free Online Event: FoB:Economy 2027

January 21, 2027

Our Partners

Our event, **Future of BioEconomy 2027 (FoB:Eco2027)**, will take place on **January 21, 2027**, as a **free online event**.

BioEconomy

The bioeconomy combines climate action, resource efficiency and economic innovation. Bio-based raw materials, materials, chemicals and technologies create new opportunities to replace fossil resources, close material loops and build sustainable value chains. Following the successful first edition, Future of BioEconomy 2027 will once again bring together relevant stakeholders from industry, start-ups, research, investment and policy. The second edition will focus on economic opportunities, new technologies, market-ready applications and concrete pathways to industrial scale-up. At the same time, feedstock availability, costs, regulation, financing and the transition from laboratory to market remain key challenges for the success of bio-based solutions.

The focus of this event is on **economic perspectives, innovative developments, and practical insights** in the field of **bioeconomy**.

Biobased Economy

Innovation

Practical Applications

event

What to Expect

The event offers exciting **keynotes**, **interactive panels**, and targeted **networking opportunities** with companies, start-ups, investors, and other players in the industry – creating a platform for **exchange**, **inspiration**, and new **impulses** for the future of the **bioeconomy**.

Keynotes

Be inspired by leading voices from business and practice as well as innovations – with impulses on trends, markets, and solutions of tomorrow.

Panels

Experience exciting discussions with experts from various fields – and contribute your own questions and perspectives to the dialog.

Networking

Start connecting now with companies, start-ups, investors, and other stakeholders in the bioeconomy – several hundred participants are expected!

Your Benefits

- ✓ **Networking with business potential**
Establish new connections with customers, partners, and suppliers – for strategic collaborations and new business ideas.
- ✓ **Visibility in a growing industry**
Position your company as a pioneer in the future market of bioeconomy – whether as a participant, speaker or sponsor
- ✓ **Strategic insights from industry leaders**
Leverage the expertise of leading minds from business and science to advance your strategic development.
- ✓ **Exchange at decision-maker level**
Discuss current challenges with industry peers – and gain concrete solutions for your business.
- ✓ **Free of charge & individually tailored**
Benefit from high-quality content and valuable contacts – with no participation fee and the freedom to choose the sessions that matter most to you.
- ✓ **Online: Flexible & efficient**
Participate from anywhere – without the need to travel, with full content relevance and international access.

Preliminary Agenda

All times are in Central European Time (CET)

Thursday, January 21

9:00 a.m. - 10:00 a.m.

Keynotes: Framework Conditions

10:00 a.m. - 10:30 a.m.

Panel

10:30 a.m. - 11:30 a.m.

Keynotes: Bio-based Materials and Products

11:30 a.m. - 12:00 p.m.

Panel

12:00 p.m. - 5:00 p.m.

Networking Opportunity

Who Should Participate

Start-Ups

Advance your **business idea** – in **exchange** with investors and established companies. Make **valuable contacts**, gain **insights into the market**, and become part of a dynamic **innovation network**.

Researchers

Experience how bioeconomic innovations are put into practice. The event offers insights into **market trends** and **new perspectives** for **research** and **transfer** – in dialog with stakeholders from different areas.

Investors

Discover promising start-ups, innovative solutions, and new **investment opportunities** in the **future-oriented bioeconomy market** and gain insights into current technologies and **market dynamics**.

Large Companies

Identify innovations and **market trends** at an early stage. **Network** with start-ups and experts to gain impetus for your **innovation strategy** and new **growth opportunities**.

SMEs

Use the event to **network**, make new **business contacts**, and gain **impulses on the bioeconomy** and current market developments.

Politicians

Gain **insights** into bioeconomic innovations and **network** with shapers of social and economic change.
