

Our Free Online Event: FoB:Pack 2026

October 1, 2026

Our Partners

Our event, **Future of BioPackaging 2026 (FoB:Pack 2026)**, will take place on **October 1, 2026**, as a **free online event**.

Bio Packaging

The market for sustainable packaging solutions is one of the key innovation areas in the bioeconomy and circular economy. Growing requirements for recyclability, resource efficiency, CO₂ reduction and regulatory compliance are driving demand for bio-based, recyclable and circular alternatives to conventional packaging materials – from food and consumer goods to industrial applications and e-commerce.

With FoB:Pack 2026, the online event provides a focused platform for players along the packaging value chain to discuss trends, applications, market opportunities and practical solutions – from material availability, functionality and scale-up to costs, regulatory requirements and commercially viable packaging concepts.

The focus of this event is on **economic perspectives, innovative developments, and practical insights** in the field of **bio packaging**.
