

# Our Free Online Event Future of BioPlastics 2026

June 24 and 25, 2026

Our Partners

Our event, **Future of BioPlastics 2026 (FoB:Plast 2026)**, will take place on **June 24 and 25, 2026**, as a **free online event**.

## Bioplastics

The market for bioplastics is a key pillar of the bioeconomy. Driven by the growing demand for environmentally friendly materials, new bio-based alternatives to fossil-based plastics are continuously emerging – for example in packaging, consumer goods, and technical applications. With **FoB:Plast 2026**, the online event will take place for the **second time**, bringing together key stakeholders from across the entire value chain to discuss current developments and practical solutions. While this dynamic creates significant opportunities for companies, important challenges remain, including the availability of suitable raw materials, scaling and cost efficiency, and the successful implementation of market-ready innovations. Addressing these issues together will be essential for the continued growth of the bioplastics sector.

The focus of this event is on **economic perspectives, innovative developments, and practical insights** in the field of **bioplastics**.

**Biobased Economy**

**Innovation**

**Practical Applications**

## What to Expect

The event offers exciting **keynotes**, **interactive panels**, and targeted **networking opportunities** with companies, start-ups, investors, and other players in the industry – creating a platform for **exchange**, **inspiration**, and new **impulses** for the future of the bioplastics.

### Keynotes

Be inspired by leading voices from business and practice as well as innovations – with impulses on trends, markets, and solutions of tomorrow.

### Panels

Experience exciting discussions with experts from various fields – and contribute your own questions and perspectives to the dialog.

### Networking

**Start connecting now** with companies, start-ups, investors, and other stakeholders in the bioeconomy – several hundred participants are expected!

## Your Benefits

- ✓ **Networking with business potential**  
Establish new connections with customers, partners, and suppliers – for strategic collaborations and new business ideas.
- ✓ **Strategic insights from industry leaders**  
Leverage the expertise of leading minds from business and science to advance your strategic development.
- ✓ **Free of charge & individually tailored**  
Benefit from high-quality content and valuable contacts – with no participation fee and the freedom to choose the sessions that matter most to you.
- ✓ **Visibility in a growing industry**  
Position your company as a pioneer in the future market of bioplastics – whether as a participant, speaker or sponsor
- ✓ **Exchange at decision-maker level**  
Discuss current challenges with industry peers – and gain concrete solutions for your business.
- ✓ **Online: Flexible & efficient**  
Participate from anywhere – without the need to travel, with full content relevance and international access.

# Preliminary Agenda

All times are in Central European Time (CET)

## Wednesday, 24 June

9:00 a.m. - 10:00 a.m.

Keynotes: Framework Conditions

10:00 a.m. - 10:30 a.m.

Panel

10:30 a.m. - 11:30 a.m.

Keynotes: Bio-based Materials and Products

11:30 a.m. - 12:00 p.m.

Panel

12:00 p.m. - 5:00 p.m.

Networking Opportunity

## Thursday, 25 June

9:00 a.m. - 10:00 a.m.

Keynotes: Framework Conditions

10:00 a.m. - 10:30 a.m.

Panel

10:30 a.m. - 11:30 a.m.

Keynotes: Bio-based Materials and Products

11:30 a.m. - 12:00 p.m.

Panel

12:00 p.m. - 5:00 p.m.

Networking Opportunity

## Who Should Participate

### Start-Ups

Advance your **business idea** – in **exchange** with investors and established companies. Make **valuable contacts**, gain **insights into the market**, and become part of a dynamic **innovation network**.

### Researchers

Experience how bioeconomic innovations are put into practice. The event offers insights into **market trends** and **new perspectives** for **research** and **transfer** – in dialog with stakeholders from different areas.

### Investors

Discover promising start-ups, innovative solutions, and new **investment opportunities** in the **future-oriented bioplastics market** and gain insights into current technologies and **market dynamics**.

### Large Companies

**Identify innovations** and **market trends** at an early stage. **Network** with start-ups and experts to gain impetus for your **innovation strategy** and new **growth opportunities**.

### SMEs

Use the event to **network**, make new **business contacts**, and gain **impulses on the bioplastics** and current market developments.

### Politicians

Gain **insights** into bioeconomic innovations and **network** with shapers of social and economic change.

All information about registration can be found on our event website

**Get Actively Involved!**

## Become a Speaker

We are looking for experts who ...

- drive **innovation** in the field of bioplastics
- share market-relevant **insights** into bioplastics
- provide **impulses**
- contribute new **perspectives** from business, start-ups, or practice

[Become a speaker](#)

## Become a Sponsor

Would you like to position your company as a **responsible** and **forward-thinking** player in the bioeconomy?

Become a **sponsor** and:

- demonstrate **responsibility, innovative strength, and cooperation**
- become **visible** in the **international** bioeconomy network

[To the Sponsor Brochure](#)

## Become a Partner

Do you represent an **association**, a **network**, a **research institution**, or a **non-profit organization** related to the bioeconomy?

Become a **partner** and:

- increase the **visibility** of your organization
- position yourself where the exchange on bioeconomic innovations, solutions, and perspectives takes place

[Become a partner](#)

## Become a Media Partner

Do you run a **specialist medium**, a **platform**, or an **editorial format** with a focus on bioeconomic industry topics?

Become a **media partner** and:

- benefit from **visibility** in the environment of leading specialist players from science, industry, and associations
- gain access to a targeted, topic-specific community.
