

ONLINE PITCH EVENT · FEBRUARY 10 AND 11, 2027

Pitch as a **Startup** at **FoB:Invest**

On **February 10 and 11, 2027**, **Future of BioInvestments 2027** connects selected bioeconomy startups with a highly qualified network of investors.

FoB:Invest combines two precisely organised pitch days with a structured pre-selection of participating startups. You present your technology and business model to financial and strategic investors, clusters and technology funders. The event takes place entirely online: efficient, international and with limited participation for an exclusive professional audience.

WHAT TO EXPECT

Dealflow Book

Registered investors receive your profile before the event.

5-Minute Pitch

Compact live pitches with a clear investment focus, from early stage to scale-up.

Investor Choice Award

The winner will be announced at the end of the event.

1:1 Networking

Individual follow-ups with investors, industry and partners.
